
Haze

haze growth on reticles - what's the right thing to do? - managing haze in a large wafer fab is a critical issue. haze detection usually occurs during mask inspection or, in the worst case, as a result of a yield loss event. because haze is endemic at 193 nm, many fabs have implemented a number of containment actions, such as time- or exposure-based mask inspection. **health effects evaluation of theatrical smoke, haze, and ...** - environ corporation conducted a study to determine whether the use of smoke, haze, and pyrotechnics special effects in theatrical musical productions is associated with a negative health impact in actors. this effort was initiated in response to ongoing concerns by actors that the **stellarhaze - total transmission & haze measurement system** - stellarhaze - total transmission & haze measurement system stellarnet announces a new preconfigured optical me-trology system for total transmission and haze measurement. the stellarhaze system includes a compact fiber optic spectrometer, light source with integrated optical amplification and collimation lens, custom haze meas- **o-haze: a dehazing benchmark with real hazy and haze-free ...** - haze removal or dehazing is a challenging ill-posed problem that has drawn a significant attention in the last few years. despite this growing interest, the scientific community is still lacking a reference dataset to evaluate objectively and quantitatively the performance of proposed de- **severe haze in northern china: a synergy of anthropogenic ...** - haze forecast and providing policy makers with scientifically based control strategies to mitigate haze pollution. the haze episodes in northern china have become more frequent and severe in recent decades (1, 18, 19), and a variety of | **the same pollution that causes haze also poses health risks.** - haze is caused when sunlight encounters tiny pollution particles in the air. some light is absorbed by particles. more pollutants mean more absorption and scattering of light, which reduce the clarity and color of what we see. some types of particles, such as sulfates, scatter more light, especially during ...
